## Aditya DTG Inks :

### (1) Water based Pigment Inks and White Ink

Made with Japanese technical knowhow

One full set of Ink : Rs. 65,000.00 + VAT + Delivery

One full set Ink includes

C M Y K W W each 1 litre

Pre coating solution 1 litre

Cleaning solution 1 litre

### (2) Aditya Discharge Inks :

Discharge Transparent Ink Price : Rs. 8500.00 per litre.

Discharging Pigment Ink C M Y K : Rs. 7000.00 per litre.

One of the biggest advantage of discharge printing is the “soft hand” feel it leaves which means when you touch the fabric, you get an amazingly soft “hand” or feel. If you print on dark garments by white ink it leaves usual white layer of ink and creates a "thick" feel on the design. You can print beautiful full-coloured prints without the use of pre-treatment at all, saving time and costs.

### (3) Screen Printing paste :

Available in three grades :

(Minimum ordering quantity when ordered with printer : 5 kgs)

(Minimum ordering quantity when ordering separately : 25 kgs)

(1) Discharge : Rs. 1000.00 per kg

(2) Super White : Rs. 1500.00 per kg

(3) Elastic feeling : Rs. 1350.00 per kg

C M Y K Inks for use with above paste : Rs. 8500.00 per litre

(Minimum ordering quantity is 4 litre)
